

The Temple Within

Soul Age Characteristics

Keys to Understanding

With Rev. Laura MacLachlan

Temple Within School of Sacred Studies

Saturday, October 28, 2017 from 10:00 until 12:00 p.m.

The practice of forgiveness leads to personal freedom. The first step to forgiveness is often understanding why people act as they do. People's actions/reactions are often a reflection of where they are in their soul evolution at this point in time.

Recognizing these behavioral patterns can lead to the awareness that right or wrong, these acts might be the best someone is capable of at this moment. This is a wonderful spiritual counseling tool as well as key to your own ability to forgive the actions of others.

Rev. Laura MacLachlan, originally from New Canaan, Connecticut, now lives in Dryden, MI where she is an equestrian riding instructor/trainer, Metaphysical Church Pastor and Seminary Instructor and Seminary Education Department Co-Chair.
